**First-Class Master's Research Award**, *Macquarie University*

### University & Community Services

Throughout my academic career, I have consistently contributed to institutional governance, student mentorship, and academic outreach. My service includes actively participating in university leadership as a member of the University Council at both Irbid National University and the International University of Sarajevo. Deeply committed to practical legal training, I coached the moot court teams for both Irbid National University and Jadara University, preparing law students for rigorous competitions held at the Red Cross headquarters in Amman. Furthermore, I have played a central role in fostering scholarly exchange by organizing and executing scientific conferences at Irbid Private University, Jadara University, and the International University of Sarajevo.
